Small Cities Rehab Housing Grant

We are one step closer in our quest to receive a rehab housing grant from MN DEED. SW MN Housing Partnership submitted the preliminary grant for the City of Rushmore in 2018. MN DEED asked us to submit a final application, but we need your help. We need more surveys from our residents. If you turned in your survey last fall, Thank You! You do not need to do anything further, except let your friends and neighbors know to fill one

out. Submitting a survey does not commit you to using funds, but it does show that homeowners are interested. Surveys can be picked up at City Hall or you can contact Janet at Southwest MN Housing Partnership at 507-836-1607 or janets@swmhp.org to request a survey. Please complete the survey and return it to City Hall or mail it to

SWMHP, 2401 Broadway Ave, Slayton, MN 56172 by Friday, Feb. 15th. More interest will make the application more competitive. If we qualify for the grant, the funds can help homeowners make necessary improvements to windows, doors, roofs, siding, furnaces, electrical wiring, plumbing, accessibility, health & safety and more. **We will have a public hearing to answer any questions on Monday, Feb 11th at 7:00 at Rushmore City Hall.**
