THINGS
CHANGE! AS
OF MARCH
20TH WE WILL
NOT BE
HOLDING THE
FIRE DEPT
BREAKFAST OR
EASTER BUNNY
EGG HUNT**

RUSHMORE SUPPORT TEAM

The City of Rushmore is working with volunteers, the CD Café and the Rushmore Tavern to connect our volunteers with our older adults and vulnerable populations by delivering meals, groceries and essential household items. If you, or anyone you know could use these services, please contact any of the following:

City Hall 478-4338
CD Café 478-4912 or 360-5282
Rushmore Tavern 478-4204

Currently CD Café is preparing fresh to go meals from 5:30 a.m. to 1:30 p.m. Charlotte can arrange to order milk, bread, butter, eggs, etc from her delivery truck. Please contact her by 4:00 on Mondays. If needed, she may be able to have a truck stop another day each week.

Ashley from The Rushmore Tavern is offering their regular menu items (sorry, no tacos) as carry out and off sale, between the hours of 4 p.m.-8:30 p.m. Weekend hours may be different.

Local grocery stores are doing what they can to help. You can place your order online or some stores can be done by telephone. Some of the stores do not have any additional charge as long as you have a \$30.00 order. Once you find out your pickup time, you would then call us and we would try to connect you with one of our volunteers to pick up your order and deliver it to your home. Local grocery stores are: Fareway, Hy-Vee, Keith's Grocery (Adrian), Walmart. There is a scheduling time for the grocery stores to prepare your order.

DISPOSABLE WIPES ARE CLOGGING SEWER SYSTEMS

Popular bathroom wipes—pre-moistened towelettes that are often advertised as flushable—are being blamed for creating clogs and backups in the sewer systems. Please remember that this includes antiseptic wipes, baby wipes, napkins and paper towels. As always, never flush feminine hygiene products or diapers. Flushing any of these items down your toilet can cause your sewer line to become plugged. It can also cause the city sewer lines to become clogged and cause breakdowns at the lift station. This could cause sewer backups for many homes in Rushmore
